1. Introduction

An industrial visit to Croma Campus, Noida was organized by the Department of CSE of Delhi institute of Science & Technology on 10/10/2025. The purpose of this visit was to provide students with practical exposure to current industry practices, technologies, and trends in the field of Information Technology and Software Training. Croma Campus is a well-known training institute specializing in IT, software development, and corporate training. It provides industry-oriented skill development programs in technologies such as Python, Java, Data Science, Cloud Computing, Digital Marketing, and many others.

2. Objective of the Visit

- To bridge the gap between theoretical knowledge and industry practices.
- To understand the functioning of a professional IT training organization.
- To gain exposure to emerging technologies and industry requirements.
- To learn about career opportunities and skill development paths.

3. Activities During the Visit

- The visit started with a welcome session conducted by the HR team of Croma Campus.
- A brief presentation was given about the organization's vision, mission, and training programs.
- Students were introduced to various departments such as Software Development, Digital Marketing, and Corporate Training.
- A technical session was conducted by industry experts on current trends like Artificial Intelligence, Cloud Computing, and Data Analytics.
- Students were given a live demonstration of a few training modules and project workflows.
- An interactive Q&A session allowed students to clarify their doubts regarding career growth, certification courses, and placements.

4. Learning Outcomes

- The functioning and management of a modern IT training institute.
- The importance of continuous learning and certification in today's competitive market.

- Real-world applications of concepts learned in the classroom.
- The role of soft skills, teamwork, and communication in professional environments.

5. Conclusion

The industrial visit to Croma Campus, Noida proved to be a highly informative and enriching experience for all students. It provided practical exposure and enhanced understanding of how industry-oriented training institutes operate. The faculty and students expressed gratitude to Croma Campus for their warm hospitality and valuable sessions. Special thanks were also extended to the college management and faculty coordinators for organizing the visit successfully. We would like to thank our honorable Director, Dr..Bhaskar Gupta for his constant guidance and Support .
